

DSA

Basic:

1. Data Types
2. Arrays
3. Linked Lists
4. Stacks
5. Queues
6. Basic Sorting (insertion sort, bubble sort, etc)
7. Linear Search

Intermediate:

1. Hash Tables
2. Binary Search
3. Merge Sort & Quick Sort
4. Prefix Sum
5. Kadane algorithm
6. Sliding Window
7. Backtracking
8. LinkedList
9. Binary Trees
10. Binary Search Trees
11. Basic Graphs
12. BFS & DFS
13. Heaps

Advanced:

1. Dynamic Programming
2. Dijkstra's Algorithm
3. Topological sort
4. Union find
5. Balanced Trees
6. Tries
7. Segment Trees/Binary Indexed Trees
8. Greedy Algorithms
9. String Matching Algorithms
